Dear Anthony,

This thank you is way overdue, but I still want to recognize Afterburners for the great job you did at our Sales and Marketing Managers' Meeting in Amelia Island. My mom always told me, "write your thank you notes right away, don't put it off!" Well, as you can see I didn't listen very well.

Even four months later, people are still talking about Afterburners. Your portion of the meeting really had a big impact on our managers. Plan, Execute, and Debrief are terms we hear around the office now. It was real important that your portion of the meeting mesh well with the messages we wanted to convey and I believe that was accomplished. It helped that you took time to meet face-to-face with our executives and us. Afterburners really added value to our meeting.

Thanks for helping us make the Sales and Marketing Managers' Meeting a huge success, and I'm so glad both you and your team were a part of it. I hope the Afterburners team had as much fun with our group as they did with you all!

I feel we have built a great working relationship and I look forward to our next project together. Afterburners is a group of true professionals and I enjoyed working with both you and Murph. Thanks for all your help and please stay in touch.

Sincerely,

Dear AB,

My warmest thanks to you and all of the Afterburner team for helping to make Sprint's 1998 Sales & Marketing Managers' Meeting a great victory! Although I was unable to be on site, I have heard wonderful things about you and the Afterburner pilots!

We extend our highest accolades to you and the Afterburner team for doing such a superb job with our breakout sessions. AB, I appreciate you assisting with the development of our case study breakout day also. I am glad we were able to work in the real Sprint Business issues.

It was my pleasure meeting and working with you. It is always a treat to work with a talented, efficient and energetic individual! I appreciate your patience and willingness to make our program perfect in every way!

If you find yourself in Dallas, please be sure to stop by and visit us. Thanks again for everything!

Sincerely,

Dear Anthony:

Thank you for presenting a great Afterburners Seminar to the Sprint PCS Network Services Group in Las Vegas last month. The Afterburner Session was definitely the highlight of the two day meeting! The group had a wonderful time and certainly felt pumped and energized and ready to "kick ass and take names" after the riveting presentation.

It was great to meet you and your team. I look forward to using the Afterburners at future meetings and events at Sprint PCS.

I have enclosed copies of the group photo for you and the other facilitators – enjoy!

Best regards,
